*Give Your Business  
The Competitive Edge*

**FPS**

ACCORD FAMOUS DISTRI CENTRE

*Our buidling at No 1 Changi South Lane.*

*“We have come a long way to be where we are today. However there is still much more to be achieved in the years ahead. That is why we are ever ready for whatever challenges and opportunities that may arise. This state of readiness and foresight will be an asset to your organization as we serve to provide effective and innovative solutions to all your forwarding and logistics needs. Every business needs a supportive and reliable partner who is willing to grow with you. That’s what we are here to do - to give your business the competitive edge.”*

**Quincy Tan**  
Chairman

We have since then established a worldwide network of strategic alliances with consolidators covering South East Asia, Europe, North and South America, Middle East and Oceania/Africa. From our very humble set up, we have now developed into a highly reputable international forwarder and NVOCC.

Many factors contribute to our remarkable success. One of which is the expertise of our invaluable personnel, all of whom are specialists in their respective fields. They possess a good knowledge of the trade and the ability to handle project cargoes. The close relationship we have with shipping lines facilitated our position as the leader. Recognising the need to keep up with global market changes, we invested heavily in the latest computer technology. This served to ensure a smooth flow of information between business parties and in the tracking of global shipments. Last but not least, the support of our loyal customers have been unstinting, providing us with the foundation for growth all these years.

We will continue to strive for excellence and provide the best service to our clientele in order to enhance our strengths and competitiveness. We are also constantly striving to expand our network to give our customers better access and security in the handling of their shipments.

At FPS Global Logistics, you can be assured of the best in whatever we do because our customers come first.

**Alvin Tan**  
Managing Director

**FPS Global Logistics Pte Ltd**

is today, one of the leading local companies specializing in the fields of NVOCC (Non Vessel Operating Common Carrier) operations, total logistics and supply chain management services. How we got here was through nothing less than the utmost passion in ensuring our customers’ needs are met. With dedicated professionalism, we get the job done right the first time.

Formerly operating as Famous Freight Forwarding (S) Pte Ltd, FPS Global Logistics Pte Ltd started in August 1988 with a vision to becoming the best and most reliable service provider in the freight forwarding industry. Indeed we come a long way since our modest beginnings.

## FPS Global Logistics Pte Ltd

is now one of Singapore's leading consolidators, providing ocean and air forwarding services to more than 50 countries worldwide.

What started out as a small company called Famous Freight Forwarding (S) Pte Ltd, in 1988 concentrating on local freight forwarding, has now grown in both international stature and business reach. Even while we were growing stronger both locally and regionally, we had the foresight and vision to see that there was a need to set up a wider network of strong, reliable alliances across the globe in order to compete more competitively globally and offer our clients better returns for their money.

1993 was a momentous year. Another milestone was created with the beginning of a very fruitful partnership with Pacific Bridge Services of Hong Kong and Leo Transport of Thailand. With this synergistic partnership, Famous Pacific

*Our staff is dedicated to providing the best and more.*

Shipping was formed. It is named after the two principal partners - Famous Freight Forwarding (S) Pte Ltd and Pacific Bridge Services.

The company then continued to boldly stamp its global presence worldwide with the enhancement and extension of a vast global network of international consolidators. Within the next few years, offices were set up in Korea, Indonesia, Philippines, Thailand, China, Japan, Malaysia, South Africa, USA, Canada, Sri Lanka, New Zealand and Fiji.

In Mar 2002, FPS Global Logistics Pte Ltd (NVOCC and International Freight Forwarding) was conceived as part of our corporate strategic restructuring and global branding. It came under the wings of Famous Holdings Pte Ltd, which also comprises of Inspro Insurance Brokers Pte Ltd (Insurance Brokerage), and Asirius Pte Ltd (Information Technology) and Famous Airfreight Pte Ltd.

**FPS Global Logistics Pte Ltd is committed to provide value-added services to customers, with a team of professional and competent personnel, in International Forwarding, Cargo Logistics Management and NVOCC Operations.**

**The Company which operates as part of a global network with key trading countries, strive for market leadership through its believes in quality or value-added services to customers.**

**Our mission statement is to create quality services by doing things right the first time and enhancing productivity continually.**

**These factors and qualities provide our established and new clientele the confidence and assurance required to build a long term working relationship.**

*Customer service excellence and a high work rate translate to loyal customers.*

## **We Give You The Edge**

The basis of a successful service provider is dynamic and personalised service, unparalleled knowledge of all aspects of the industry as well as competent and efficient handling of the customers' every need - all of which we have incorporated into our every day operations. Our ISO 9001:2000 quality certification is a testimony of our commitment in our drive towards customer service excellence.

*At FPS Global Logistics Pte Ltd, no cargo is too big for us to handle.*
